

BUTTS LEWIS OFF MAT

ZBYSZKO DELIBERATELY FOULS WHEN HELD

Strangler's Headlock Angers Big Pole. Referee Gives Decision Against Him.

NEW YORK, March 19.—Strangler Lewis won from Zbyszko in the wrestling match at Madison Square Garden to-night when the Pole deliberately fouled.

Zbyszko's foul tactics drew the ire of the large crowd attending the match, which was narrowly averted. The Pole's seconds had a difficult time guiding him to his dressing room.

Lewis had all the better of the match, which went over thirty-seven minutes. He repeatedly tried his headlock on the Pole, and at one time held him in it for two minutes. Zbyszko was angered by the hold and finally losing his temper deliberately fouled Lewis, knocking him flat and off the mat.

The referee immediately awarded the decision to Lewis, while the crowd shouted against his opponent.

Zbyszko had been repeatedly warned by the referee for resorting to fouling methods.

They were then compelled to fight their way to the dressing room with Zbyszko. Chairs were hurled over the heads of the audience at the "Polish Hercules." From the time the bell sounded till the match was stopped, there was a match for blood. The old feud between the grapplers added to the bitterness of the contest.

Lewis depended on his famous headlock, but he failed to stop Zbyszko, who was held, but only once held it for any length of time.

Earl Caddock, the present champion, has challenged the winner of the match to-night to a bout for the title.

STECHER WINS BOTH FALLS FROM KARL LEMLE

Less Than Forty Minutes Required by Iowa Wrestler in Bout at Academy Last Night.

Putting Karl Lemle on the mat for the first time, Joe Stecher, the husky Iowa wrestler, won the match staged at the Academy of Music last night. Every seat in the house was sold up to the side of the mat. It took Stecher less than twenty-three minutes to put his opponent on his back for the first fall, and in the second cut the time to thirteen minutes. Stecher won in a few pounds heavier than Lemle. He tipped 211 before he took the mat, while Lemle weighed only 205.

In the semi-final Ante Stecher met Sergeant J. H. Sheets of the quarter-master's department, Camp Lee, and won his match with some difficulty. Stecher was billed to meet Al Sejjax, but the latter missed connections in Washington, and Sejjax matched up with Stecher to fill the bill. Ante is the older of the brothers who took the big part in the match last night, and Joe said last night that it was Ante who interested him in wrestling. Sheets put up a hard fight against the older Stecher and met him without any particular training for the bout.

INDIANS HARD AT WORK PREPARING FOR SEASON

William and Mary Has But One Letter Minn Hawk—Much Good Material.

[Special to The Times-Dispatch.] WILLIAMSBURG, VA., March 19.—For several days Coach Peachy has been lumbering up some twenty-five candidates for the William and Mary baseball team. Work of only a mild nature was indulged in last week, but this week the coach expects to put them through the regular season's grind. The battery candidates began tossing them across last Friday, and by the end of this week the pitchers should be able to shoot them over at a lively rate in batting practice. While as yet the men have not been able to display their ability, a number of new men are at hand to be developed, and it is the opinion that from the new material and substitutes Coach Peachy will be able to form a good team, considering war conditions and the fact that there is only one letter man back.

The most serious proposition to be solved this spring are the battery and first base positions. As yet there are only two men out for the pitching position. The failure of Frank Garnett to fill on the pitching staff is a hard blow to the team. Garnett was by far the most brilliant slapper in the box of an Eastern Virginia Association club for several years. The three candidates out to fill Garnett's shoes are Settle and Joyner. The former is a new man, while the latter is a last year's substitute. The receiving position seems as yet to be between three men—Zehmer, R. J. Johnson and Murphy. There is little to choose between them, and their sticking ability will decide the matter.

At first base, Fitchett, Tally and Hillard seem to have the edge on the other aspirants, but some other men may develop later. The absence of Murry will be greatly felt at this position. Captain Love will again play the key-stone position, and W. W. Johnson, who played in a number of games last year, will probably be his running mate at shortstop. Fentress, who also played in several games last season, will without doubt play the hot corner. Other new men who are showing up well at these places are James, at shortstop, and Motley, at third.

In the outfield are three men who seem to show the earmarks of fast gardeners and seem to have the edge on the other candidates. These men are Brooks, Garrett and Parrish—all substitutes of last year's team. Lee, of last year's William and Mary Academy team, is also showing form, and will give some one a run for a berth.

Through the efforts of Coach Peachy, ten men will be excused from military drill.

RAISE MONEY TO FURNISH BLUES' BASEBALL OUTFIT

Ball Will Be Given Saturday Night to Raise Money for Purpose.

Baseball men, headed by Ben T. Wilson, of the International League club; Alvin Smith, also of the club, but especially prominent at present in the efforts to raise money for the outfit, the Blues' Armory Saturday night a great success.

The ball comes as a climax to "Thrift Day." To lend their best efforts to the thrift movement, the women's committee in charge of the ball has offered to place a booth at the disposal of the thrift committee for the sale of war savings stamps.

The offer was made through Henry Schwarzschild, at left meeting of the war savings executive committee yesterday afternoon. The women's committee will be advised of the action of the executive committee some time to-day.

The proceeds of the ball will be devoted to the purchase of a baseball outfit for the Blues, now the horse section of the One Hundred and Fourth Ammunition Train at Camp McClellan, Annapolis, Ala. There are a number of old McGuire School players on the regular Blues' team, and they have written the Blues' folks at home that the money for recreation supplies is none too large.

The women's committee consequently determined to raise a fund to furnish the boys with hats, uniforms, bases, and other paraphernalia, not only for the regular Blues' team, but for the scrub teams, from which the regulars are recruited, as well.

What money is left will be used to purchase cigarettes and tobacco for the boys. Mrs. Hamilton Chalkley, chairman of the committee, says.

HENEY DIGGS UP MORE DAMAGING EVIDENCE

Finds Packers Maintained Stockyards in Many Cities to Hold Down Prices.

[By Associated Press.] OMAHA, NEB., March 19.—Francis J. Heney, general counsel for the Federal Trade Commission in its investigation of the nation's packing-house industry, introduced evidence at the resumption of the hearings in Omaha to-day designed to show:

First, that the packers maintained stockyards in different cities in an effort to hold down prices paid producers by forcing them to sell wherever quotations were the lowest.

Second, that there was an agreement in effect among the packers prorating the amount of live stock any one of them could buy in any market.

Third, that the influence of the packers even extended to the banks in which cattle producers were forced to discount their notes and obtain loans.

Fourth, that millions wrung from shippers by unjustifiably large charges for yardage and feed were distributed among the packers in the form of stock dividends, which virtually amounted to a rebate. Several letters from the files of Swift & Co. were read.

MAIL MEN MAY GET MORE

Post-Office Subcommittee Recommends 15 Per Cent Raise in Postal Service.

[By Associated Press.] WASHINGTON, March 19.—Flat pay increases of 15 per cent for all employees in the postal service, whether on an annual salary or day pay basis, and including those of all grades and classes, was recommended to-day by the Senate post-office subcommittee in revising the annual post-office appropriation bill. The recommendations are subject to approval by the full committee, but are expected to be adopted.

The increases were declared to be necessary to meet the increased cost of living due to the war.

The subcommittee also added provisions authorizing the Postmaster-General to readjust prewar contracts of mail wagon and other contractors, and provided for relief of contractors making stamped envelopes by recommending an increase in appropriation from \$1,800,000 to \$2,000,000.

A new appropriation added would provide \$4,400,000 for purchase by the government of the pneumatic postal tubes in the larger metropolitan cities.

In all, the committee increased the \$333,000,000 House bill by \$2,000,000.

Only One Shipping Bill Needed.

WASHINGTON, March 19.—Simplification of railroad freight accounting is involved in an order issued to-day by Director-General McAdoo establishing universal interline billing, which will eliminate much of the billing work heretofore done by each carrier on a shipment passing through its hands. Now a single bill will accompany the shipment to its destination, regardless of distance or the number of roads traversed, and the movement will be expedited to some extent.

EXCESS PROFITS AND INCOME TAX GIVE GREAT SUM

(Continued from First Page.)

As hard as they were in the first two loan campaigns, it was said.

Meantime, efforts to increase the sales of war savings stamps are being redoubled. More than \$100,000,000 already have been sold. Plans are being made to sell \$100,000,000 more through the agency of dry goods stores. E. W. Howe, of the National Retail Goods Association, is working on this idea with the war savings committee.

A leading merchant in each State will be named State director, and every big dry goods store will be asked to act as a government agency. In this way it is hoped to reach 5,000,000 more people daily with savings stamps appeals.
